SANDY'S DAILY MESSAGE

The weather is not in our favour at present is it!

It limits outdoor time and I know for many of our pupils this is a valuable part of their day, allowing movement breaks, investigation and exploratory activities and just fun in the sun!

However after the hottest April on record since records began, I think the gardens needs some water and different activities need to come into play.

Much work has been going on in the background on our website to resolve the issues we are having with our video uploads, but I'm pleased to advise that the first four are live.

Each video needs a separate passcode, which have been sent to you under a separate email. Please remember that you are asked not to share this code outside of the Link community.

As always, should you need to contact us, the school office is open from 8.30am - 4.00pm every day and our emergency mobile is still live: 07436 364907.

Sandy

ACTIVITIES / LINKS THAT MIGHT BE HELPFUL

Cooking still seems to be one of activities everyone is enjoying doing together and to this end Nic is sharing her friend Sean's recipe for an Omelette, which you will find attached. Do let us know if you manage to make one.

A number of Mums have told us that Tom Hardy is reading bedtime stories on Cbeebies every day this week. Might be worth a watch - 6.50pm!

WHAT'S EVERYONE BEEN UP TO?

In school today, some of the pupils have chosen to work on their 'rainbow' activities again.

So to change things for them slightly, Naz organized some fun with a different medium - inspired by Lily Maye, Jessica's daughter and the wonderful artwork and games she has seen on the pavements locally - we used chalk.

Luke has been busy making scones from the recipe that Frances sent home in his activity pack.

His family were very impressed with his skills and enjoyed them oozing with jam and cream -

thinking of that aged old question, which went on first we wonder - the jam or the cream?

Rengin has been busy at home. She has been doing Maths, English, Art, cooking and is also finding time to play in the garden with her dog and her brother. Just look at this wonderful model she made.

She is missing school and her friends though and can't wait to come back. We love your rainbow tracksuit Rengin.
