SANDY'S DAILY MESSAGE

We have been working flat out on our timetable and risk assessment to ensure that we can accommodate all those of you who wish their child to return to school within the next week or so. Working to the DfE guidelines, we hope to be in a position to contact you all individually shortly, either by email or telephone to update you.

Thank you for your patience and continuing support and understanding in these difficult times.

Sandy

ACTIVITIES / LINKS THAT MIGHT BE HELPFUL

Conchi (SSA in Maple Class) has forwarded the monthly Action for Happiness calendar for you all to share. Entitled "**Joyful June (even in difficult times)**", we hope it provides positivity and helps towards everyone's well-being.

WHAT'S EVERYONE BEEN UP TO?

As part of one of his work activities, Alex in Hazel Class was asked to write a story about his assessment visit to The Link Secondary School, which took place before lockdown.

We have decided to share it with you all. Unfortunately, the original copy would not duplicate well in the update, so we have typed it verbatim. We hope you enjoy it.

My Link Secondary Story

By Alex F

I was very excited to start my first day at the Link Secondary School. It was a van that took me to school a red van in the van there was my friends Luke and Rengin. 53 minutes later I met a friend I made on my half day a boy called Freddie. Also there was an old friend, Kevin and a school teacher from the Link Primary School - Jo Davis. At school the lessons I did was history, biology, science, languages, literacy and music. Some class rooms I remembered from my half days and fairs that I went to. Oh, I can't forget the disco's. At maths I didn't know the square root of 9, so I asked the math teacher and he told me that square root of 9 is 3. When I got home my Mum asked me did I have a good day. I replied I love it.

Kavin has been working hard at home. He loved receiving his activity pack in the post and Mum, Karthiga said he really enjoyed working on the colourful worksheets.

Keep up the good work Kavin. Another pack will be sent home soon.

What a lovely surprise we had today, when Emma and Doug (Reegan's parents) delivered some plants for our vegetable garden.

Their fingers must be incredibly green, as the plants are wonderful specimens.

We now have a host of tomatoes, sweetcorn, spring onions and cucumber, all waiting for Olha and the children to plant on Friday.
