## SANDY'S DAILY MESSAGE

It has been so nice to receive such positive feedback, following some more of the pupils' return to school this week.

In the same vein, it's nice to hear how my daily update is providing the link with the school community for so many of you.

It was especially pleasing to hear from Lucy (Oliver's Mum) who as a critical worker is working away from home for periods at a time. Seeing our updates help her feel connected.

Thank you for taking the time to feedback to us. It is truly appreciated by everyone here.

*Sandy*

## ACTIVITIES / LINKS THAT MIGHT BE HELPFUL

Today's 'Lockdown Project' worksheet is all about "How I am feeling". An opportunity to record and talk about how everyone is feeling and coping with the lockdown.

What's the first thing you would like to do when lockdown is over? We asked some of the staff that very question.

Sue R can't wait to see her sons again. She also really wants to go swimming.

Lianne (SSA in Maple) is looking forward to seeing her children and grandchildren.

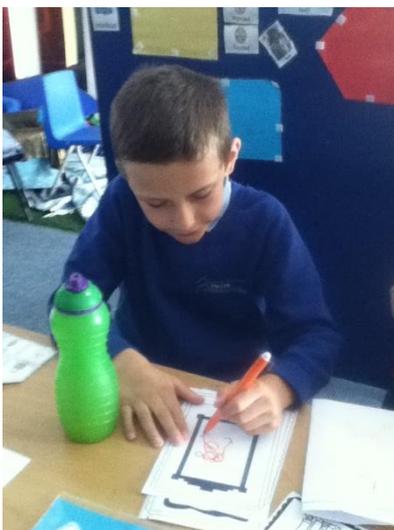

Lucinda (SALT) can't wait to have breakfast in a café again.

Nic, our Assistant Principal and Behaviour Lead can't wait to see her niece and nephew who live in Essex.

## WHAT'S EVERYONE BEEN UP TO?

Firstly, huge thanks from Alfie F in Hazel Class. After reading about the border he is creating with Lucinda in yesterday's update, he has been thrilled at all the plants that came into school today. He has now planted sunflowers, runner beans, cucumbers and also has two broccoli plants to plant up tomorrow. The Link Community never lets us down. Thank you all for being so kind. You made one boy very happy.

Kian in Willow Class wants to let everyone know about his new pet rabbits. Mum, Aimee bought them for the family and Kian has not stopped talking about them. He has a brown one called Peter and a black one called Benjamin. He loves watching them eat and drink.

Here is Gabrielle at home, completing some worksheets that arrived in the post yesterday.

She was keen to let Tracy, Conchi, Saloua, Michelle and all her friends see what a good job she did in completing them.

Nadine, her Mum advises that the motivation behind her wanting to do the work, was hearing that Tracy had sent it.

It's nice to know Gabrielle's strength of character is still shining through!

The whole of Maple Class team are pleased to see you doing all this work Gabrielle. Well done.
